Site Name	eSila – Portal Rasmi Pembangunan Modal Insan
URL (address)	https://esilav2.jpa.gov.my/
Describe the design issues. Example : Navigation, colors, content, usability, etc.	<ul style="list-style-type: none"> 1- The font is too small, making it difficult to read for certain people 2- No breadcrumb navigation on what menu the user is currently in, clicking a button opens a new webpage 3- The site used a small middle portion of the page, cramping contents in the middle 4- Clickable link and text has little difference (distinguished by an underline) 5- Certain buttons give no feedback
Propose the possible solutions.	<ul style="list-style-type: none"> 1- Make the font size bigger 2- Add a simple breadcrumb navigation on the top of a page 3- Arranged contents of the site so that it utilized the full view of the page 4- Make clickable links blue coloured 5- Grey out clicked button for a short moment as a feedback
