

## Class Activity Week 14

1. Explain the guideline to be a good expert witness.

- Presents unbiased, specialized, and technical evidence to a jury
- Has an expert opinion that enables the court to make a fair and reasonable decision for your dispute

2. Identify the role of an expert witness.

- Has opinions based on observations
- Opinions are formed from experience and deductive reasoning
- Opinions make the witness an experts

3. Differentiate between technical testimony and expert testimony.

- Technical testimony is providing facts in investigation, what the evidence is and how it was obtained.
- Expert testimony is a testimony given by a person who is considered an expert in a particular matter. Expert witness has opinions based on the observations and their testimony can be called into question by other facts, evidence, or experts.
