TEST CONDUCT PROCEDURES:

LECTURER

1. The lecturer distributes google form links to students on the date that has been set as the above table.
2. Exactly at **12.50 pm**, the google form link can be distributed to students.
3. The lecturer should be in standby mode to ensure that the test can be carried out as planned. In the event of any problems, the lecturer needs to record the problems that occur clearly and perfectly. Include print screen if necessary.

STUDENTS

1. Students must answer the test questions within the stipulated time. The **exam will start** at **12.55 noon**.
2. Failure of the student to submit the answer within the given period results in the student's answer not being accepted by the system.
3. Students are not allowed to take pictures of questions and share questions with other students.
4. If students experience any problems related to this test, please contact/report to their respective lecturers immediately
