Assignment 2 (10%)

This is an **INDIVIDUAL** assignment.

Based on your chosen journal article in Assignment 1, you are required to present a **research poster** to summarise the journal article for proper presentation in an academic conference.

Submission:

1 page poster (36x48) inches in size.

Fonts and content should be suitable for a research poster.

File format <u>must be in pdf</u> (convert to pdf format).

Failure to adhere to these rules will incur a penalty.

Please submit your completed assignments before **Friday, 6th May 2022 at 5.00 pm.**

Markings:

Individual overall marks – 10%

Requirements:

The poster should have the following sections:

Abstract (250 words maximum): The abstract should summarize the research presented including the research problem, summary of results, and important conclusions.

Introduction: The introduction should put the research into the context of the literature on the subject, indicate the significance of the research topic, and state the research problem under investigation.

Results: The results should visually present research data in an interpretable fashion such that a scientist not familiar with the work can understand the approach taken, results and analysis of results.

Conclusion: The conclusions that can be drawn from the research should be stated succinctly and should logically follow from the results presented. The research question is answered.

Good posters tend to not be cluttered with text and convey as much information as possible through figures and graphics.
